

IS THE UNITED STATES IN AN IRREGULAR WAR?

by: Bill Watson

It would seem, since the current President of the United States, Donald J. Trump (DJT) has entered into politics back in 2015, resulting in winning the election from Hillary Clinton in November, 2016, America has been involved in conflict. He's even been labeled a "*War Time President*." Why do you think that is?

For some who are awakened to this war, undoubtedly, you have recognized DJT has been *waging a war, but a different kind—a different type— of war*; it's warfare against an *embedded infiltration of bureaucrats* [a.k.a. the Swamp] here in the USA that are controlled by foreign Marxists international puppet masters, working in the shadows. Some have *coined the term*, "*Deep State*" to generally identify them. And unfortunately, we've come to discover the CIA has been used for decades to a certain degree, as a major conduit to engage the strategies of these *Deep State Insurgents / operatives* that hate the United States.

The recent release of the JFK files has confirmed the CIA's involvement in a variety of international clandestine operations, such as "Operation Mongoose," and financial involvement in Brazil's and the Finnish elections. They also involved themselves in mass demonstrations in Latin America (**Link #1**). But, the increased *suspensions* of their involvement in the assassination of JFK, *which for some was a shocking* that our own "*Intelligence Community*" would betray the country they're suppose to protect from foreign enemy encroachments; if that's true—that is clearly a major disappointment and frankly, criminal—if it becomes confirmed !

When looking back over the decades and reviewing the many political situations and global conditions the United States has faced, its plain to see,—*if we are politically neutral*—that from the time former President Eisenhower warned the American Public about the "Industrial Complex" when leaving office and transferring the Presidency to JFK, it only has gotten worse. And the JFK assassination becomes nothing more then a *watershed moment* in American history! Clearly, since then, over the last 62 years the political and government graft, corruption, and moral degeneracy of both parties, has only increased exponentially.

Prophecies tell us metaphorically, archers (furious babblers, confederates, or masters) have sorely grieved (with bitter anger and great discontent, vexation) him (The tribe of Joseph), and shot (the projection of many arrows) and hated (to lurk, persecute, to oppose) him [Gen. 49:23]. This is an indication of Joseph's profile in the "*last days*" (Gen. 49:1).

We are also warned by Jeremiah the prophet that Jacob (A nation carrying the name Israel; and the Jews) will have trouble [Jer. 30:7]. This trouble is described as "*Jacob's trouble*" by a scattering. It will be considered a "*correction in measure*" due to the sins of the nation (Jer. 30:11-14). Yes, the wounds of the nation will be healed in the long term (Jer. 30:15-23); but, there will be pain and suffering for the short term. And Jeremiah tells us we should consider these scriptures as a warning for the latter days, **NOTICE:** "*The fierce anger of the Lord shall not return, until he have done it*, and until he have performed the intents of his heart: *in the latter days you shall consider it*" [Jer. 30:24].

Understanding the name Jacob and Joseph are connected with the Birthright Nations—we are awakened to the fact these are two names used by God to identify a modern day, end-time nation, *prophetically labeled "Israel."* The profiles described in Genesis 48:19-20 fit the formation of the USA and U.K. very accurately—*identifying them as these modern day, end-time geopolitical nations, prophetically identified as "Israel!"*

Interestingly, many of the failings the United States recently disclosed, takes on a whole new perspective when you understand there are people that hate what the USA represents. Recognizing there are people in high positions of government that are manipulating circumstances to achieve certain *personal gains*, while hoping for *negative results* that will be detrimental to the USA; you begin to see why—what appears to be *treasonous activity*, is actually a *counter-productive war strategy* in the grand scheme of things. Especially, when you realize so much “graft and corruption” is entangled and integrated within the multi levels of the government and consequently, the many different *political operatives* that are involved!

Clearly, due to this *conflation with* so much corruption, subterfuge, and such a wide variety of personalities, a *war strategy* called “Sun Tzu” (pronounced Sun Zi) is often used. This *war technique* is underscored by believing, “*all warfare is based on deception.*” This is why there are literally hundred’s of thousands of sealed indictments that remain unopened to this day. They are all so intertwined with each other that it really does become a *question of timing*, due to concerns for *avoiding compromising the investigations* of “operatives” that are inter-connected to multiple criminal acts that are being scrutinized—but complicated—due to their connections and inter-actions with other segments of additional crimes.

So, it’s a very slow moving process involving a lot of disinformation and mis-information, but admittedly, entrapping some *ugly individuals* along the way—such as Harvey Weinstein, Jeffery Epstein, P. Diddy, and many others that hopefully, will be “unmasked” as the *low life cockroaches* they are, when the lists and sealed indictments become unsealed and opened !!

For instance, additionally there is a massive *Racketeer Influenced & Corrupt Organizations Act* [RICO] investigation that’s been ongoing since about 2017 that former AG Sessions at the time, tasked John Huber and IG, Michael Horowitz, to investigate these treasonous crimes. The FBI “*currently,*” [2025] is withholding documents of the *nations largest RICO cover-up investigations* in USA history. This article, though old, covers some of the Genesis of this **(Link #2)**.

What’s being implied here (*though we don’t know for sure*), is that Sun Tzu is in play and the public is being lead to believe by the “disinformation” feed to the MSM that all that is mentioned in this next article, originally from the Washington Post, is a “nothing Burger”—but is it **(Link #3)?** Is the information portrayed in Link #3 actually closed, or still open?

What “*IF*” all that is mentioned (**in Link #3**) is still under investigation; and is actually part of the many thousands of sealed indictments? Yes, *admittedly this is speculation*, but knowing how irresponsible and reckless the RICO violations mentioned in **Link #3** are, it would stand to reason, if there really is at present a renewed resurgence for the “Rule of Law”—then plausibly, wouldn’t you think that much of what remains unresolved will now be brought into the light? I sure hope so!

The irregularity of the tension and conflict the United States culturally is in, can’t help to make one wonder, are we witnessing the “Train Wreck” of the Birth-righted nations prophesied by the voices of the Prophets? The present disruption DJT’s administration is causing has the potential to derail the hegemony of North America (Canada included) and result in anarchy; which could open the doors for a third party invasion—and obviously, a stage setting for the fulfillment of Revelation 6:7-8, —the arrival of the Fourth Horseman, the Fourth Seal [*You ought to read it*]. *It’s quite a foreboding thought and description of what is in store for mankind at some point in our future.Lets pray it’s not yet!*
