

## Operation Midnight Sun (a.k.a. Turtle Island)

by: Bill Watson

In Genesis, we are told about a prophecy, directed to the tribe of Joseph in the last days (Gen. 49:1). It says, “Joseph is a fruitful bough, a fruitful bough by a well; whose branches run over the wall (*Their wealth and prosperity would exceed their boundaries*): The archers have sorely grieved him and shot at him and hated him (His enemies would try to destroy this latter day remnant of Joseph) [Gen. 49:22-23].

Moses continues and explains a dream Joseph had that would later cause tension among his biological brothers, who, in these latter days, have become allied nations that envy and hate him for it. Notice, “And his brethren said to him ...shall you indeed have dominion over us (Dominance over his allied brother nations)? And they hated him yet the more for his dreams, and for his words. ...And his brethren envied him...” [Gen. 37:5-11].

When one recognizes that the prophetic identity of the USA is indeed representative of the remnant of Joseph in the latter days—what we’re seeing happening in the streets of America today, makes sense. Presently,, there are people within the United States who hate this country and want to see it fail. They are even determined to participate in plans to destroy and kill anybody who gets in their way! **Operation Midnight Sun** is an illustration of this hatred and the harm these operatives intend to inflict! These are violent and hateful people who don’t care about what the United States represents, concerning liberty and freedom. *They believe their mission is to ruin and demolish it!*

*Operation Midnight Sun*, according to Ryan Mauro, a *Counterterrorism Specialist*, is a terrifying “code word” for *Turtle Island*; **meaning America must die!** The term “Turtle Island” derives from a *Native American myth* in which all of North America is said to have been built on the “back of a turtle.” Extremists and radical groups have claimed it as a code for the United States, Canada, and Mexico.

According to Mr. Mauro the *anti-American terror movement* is using this terminology. These Islamists, anarchists, communists, and indigenous native radicals have rallied around the idea of “*liberating Turtle Island*” [a.k.a. *North America*]-and the shared objective is-**DESTROY AMERICA!** The only thing in common these differing groups have in their *unholy alliance* is their shared hatred for and goal to throw down and expunge North America as a nation.

And this brings us to “*Operation Midnight Sun.*” This mission involved four radicals who assembled five bombs to be detonated on New Year's Eve this year! However, the FBI discovered the operation, intervened, and derailed the mission days before the planned date. The targets were logistic companies in Southern California. The group called itself the “Turtle Island Liberation Front.”

What is disturbing is Mr. Mauro believes this “Turtle Island” mantra and movement has the potential of becoming the new BLM movement. They intend to weaponize and manipulate good-hearted North Americans into protesting, donating, and contributing

to the movement's variety of needs to accomplish the destruction through rioting and anarchy. They intend to use historical events of betrayal against the indigenous North American natives to assuage and exploit the guilt of these historical injustices. As the BLM movement was built on the sympathy and guilt generated from the perceptions of slavery, so this movement will use the *betraying injustices* that were done against the native Americans during the 18th and 19th centuries.

Unfortunately, this new *2.0 BLM* Turtle Island movement is not going away. It has the capacity to expand in scope. *Operation Midnight Sun* is not the end, according to Mr. Mauro it is just the beginning! There will be more “destructive missions” planned, and sadly, the FBI won’t be able to stop them all. There is a pattern developing. It’s the same game plan as was used before in the 2020 summer of love in Portland, but with different branding and justification for legitimizing their purpose.

There are numerous factions with diverse motivations that employ different coordination and methods of execution. The North American continent is becoming a very dangerous place because of our cultural vulnerabilities. Keep in mind, when Islamist cells need explosive expertise, they find an anarchist. When indigenous radicals need legal help, a Marxist lawyer steps up. If anyone needs money, there are many NGOs operating through the “*dark money networks*,” with international operatives and International foundations that supply them with funds.

In Micah, we are told a remnant of Jacob (a.k.a. the Tribe of Joseph) will exist among many people in the latter days. And it will be like a lion among the nations of the world. It will be both powerful and gentile when it wants to be (Micah 5:7-9). But a day is coming when God will cut off Jacob’s assets. He will cut off the cities and throw down the strongholds. Much destruction will follow in combination with Joseph’s (a.k.a. Jacob’s) religious icons within the nation, and the destruction of those groves [Pagan and heathen worship centers] and cities will be ruined and shut down—there will be a famine of the word, no worship will be conducted (Micah 5:9-15).

Yes, we are living in the midst of rumors of war, and many changes are underway. It won’t take much to produce a major “*scare event*,” when considering the magnitude of weapons we have today. Clearly, if the United States continues to disrupt the “status quo” of the globalists and their agenda, ***potentially***, we may come up on some serious resistance from these rioting, destructive, and greedy elites. Many within the military warn us to remain vigilant during these uncertain times, citing a growing concern about the emergence of chaos, anarchy, violence, and devastation across the country.

Brethren, there are some real dangers surrounding us now. Our cities are *powder kegs* for agitators and radicals. So, knowing this, “it is high time to *AWAKE* out of *SLEEP*: for now is our salvation nearer than when we believed. The night is far spent, the day is at hand: let us therefore cast off the works of darkness, and let us put on the armor of light [*a.k.a. of God*]. Let us walk honestly, as in the day, ...not in strife and envy. But, put you on the Lord Jesus Christ, and make not provisions for the flesh [our carnality] to fulfill the lusts [our idolatries] thereof” (Rom. 13:11-14). Stand firm in your faith!
