

## IS THE UNITED STATES SECURE?

Blog #50 / by: Bill Watson

From the beginning, *God separated mankind*, as described in Genesis 10, after the flood (Gen. 10:32; Deut. 32:8; Acts 17:26). The sons of Noah, who are mentioned, started the post-flood development and establishment of nations. Then, commencing at the Tower of Babel, after the languages were confused, *God scattered mankind* to the four winds of the earth. Each took their place in particularly suited geographic locations that defined their nation.

Notice what *Flavius Josephus* says about the dispersing of the nations. “After this [Tower of Babel] they [the people] were dispersed abroad on account of the difference of their languages, and went by colonies everywhere, and each colony took possession of that land unto which *God led them*, so that the whole continent was filled with them, both the inland and maritime countries” (bk #1, cap 5, para #1)

The Earth became a *network of sovereign nations* defined by specific borders. And though over the centuries, it resulted in a legacy of wars over geography and territory, it doesn't dismiss this fact—*God allowed* mankind to disperse around the world to establish their own *SEPARATE* nations, cultures, and ethnicities (Gen. 11:6-9). This is fundamental to *God's methods of “nation management”* due to man's carnal nature. God knew that if mankind would remain “centralized” (*a.k.a. Globalized*), defined by one *common* ruler with one *common* language, the human race would not survive—“nothing will be restrained from them, which they have imagined to do” (Gen. 10:6). So, it became imperative for Him to split humanity up and “*segregate*” the colonies of people into sovereign nations to slow down the timeline.

In today's world, the same movements, ideologies, and globalist efforts to “centralize” world cultures remain *extremely active*. This becomes very obvious when considering the many global institutions combining their efforts to control facets of human services. From banking to currency control, to health and charitable services, including media and entertainment, there are many organizations, foundations, and trusts that are designed to control as many of mankind's needs as possible! The Bible says, “As it was in the days of Noah, so it shall be in the end times.”

This has been Satan's ultimate goal. His objective has always been to subdue mankind into a *type of Collectivism*. Using a combination of Marxism, mixed with socialist policies and ideologies that lead to mass government control, surveillance, and provision. Satan does not want any human beings dependent on God through faith and prayer. Instead, it's all about the government controlling people's behavior and *imposing policies* it believes are best for the human population! Much like what was done *under the guise* of the Chinese Virus (*a.k.a. Covid*). So, much of what we experienced during the *Infamous Pandemic* was later determined that “healthcare” was not the underlying purpose, but rather, a study of human behavior when endangered by an existential threat of ominous peril! Facts about the vax are now proving this to be true by means of the many tragedies of suffering and death due to the side effects!!

The *conflict of globalism versus populism* has been going on since the Tower of Babel. And though these battles have resulted in billions of human deaths, the underscore is that the “*constant*” of *nationalism* has *slowed down Satan’s agenda* of world rule.

The Bible is clear about a globalist system labeled “*Mystery Babylon The Great Mother of Harlots And Abominations of The Earth*” (Rev. 17:5), which will ultimately assume control over much of the world and is described as a powerhouse of economic and military might! It’s described as ten kings combining their power with the beast [a.k.a. dictator] and acting as one for control, strength, and reinforcement. This will be the power that confronts and battles Christ upon His return (Rev. 17:11-14). This is the battle of Armageddon (Rev. 16:16)!

I hope we can agree that God’s preferred method of *nation management* for our time, *temporarily* under “carnal human rule,” is *decentralized, or sovereign nations*. A One World Order with mankind at the helm is a dangerous arrangement, and God knew it from the start! This is why He broke it up by confusing the languages (Gen. 11:6).

However, today, through technology and many efforts to globalize the world's institutions, humanity is *revisiting* the original effort of Satan back in the days of Noah, just this side of the flood. To stop this effort, the USA needs to remain strong as a representation of nationalism. Sadly, the British Empire has succumbed to many of the socialist efforts of the Globalists and is *enormously compromised* at this time with foreign nationals, Islamic and socialist ideologies, and woke policies! Frankly, it has lost its political leverage to stand as a firm obstacle to globalism! It would appear that, at this time, the *USA stands alone* as the major obstacle to the growing globalist agenda.

Clearly, fundamental to maintaining a nation’s identity is protecting its borders, and in the case of a Democratic Republic, a voting process that is controlled and managed with truth, transparency, and integrity. This is why the ***Save America Act [H.R. 7296]***, currently under *legislative consideration*, is so important. How can anyone who values our country believe that voter ID is a bad idea? How can anyone who honors our national sovereignty not support strong border enforcement? It is absurd and “derelict of duty” to think that, as citizens of this country, we can preserve our national identity and security without both of those *basic and fundamental POLICIES!*

When we recognize that, at this time in history, the only *geopolitical force* preventing the rise of the beast is this *Birthright Nation*, it becomes obvious just how critical it is to protect the United States with these two major policies. There is no question about the enormous value of a *strong and secure United States of America* is to the world. This is why 1) *border enforcement* and 2) *voter ID* are so necessary to our national security and existence. And additionally, it’s unquestionable, as a counter force that is able to at least slow down Satan’s globalist momentum.

Without a firm, securely anchored America, this world would fall into the “Times of The Gentiles” (Luke 21:24), which is the reign of the beast's power. Once the United States collapses, the *Babylonian Mystery System* will become the abominable power of the

earth, ushering in a One World Order. This will not be a pleasant time for God's Church, nor will it be comfortable or safe for those who refuse the mark of the beast (Rev. 13:16-18). Anyone who refuses the mark of the beast won't be able to function within this social structure [a.k.a. buy or sell], and will become a target of the government and considered incorrigible!

Keep in mind, the condition of the United States during the *previous USA administration's policies* and how millions of undocumented foreign nationals came into this country, and sadly, has caused so many problems with crime, accidents, and fraudulently stealing billions of taxpayer dollars. The corruption is overwhelming, and don't think for a minute that it doesn't include VOTER FRAUD also— *because it does!*

If we are going to slow the globalist agenda down, creating a kind of "speed bump," and preserve more time for the Work of God, then we need to "*pray*" and do what we can to make sure the **Save America Act (H.R. 7296) passes and becomes law!**

And why wouldn't anyone who cares for our country and God's Work desire strong border protection, and secondly, a voting system that ensures only citizens of the nation are casting votes? It's common sense! Don't you think that is "fair" to our children's children and the future of the country? Clearly, anything less than that is nothing but careless negligence!
